## What is HFN?

As a resident of the Issaquah Highlands community you are part of the Highlands Fiber Network (HFN), a state-of-the-art fiber optic communication system delivering data, voice, and other advanced communications services. The Highlands Fiber Network utilizes its own fiber optic system to connect every home in Issaquah Highlands to the internet. Getting connected is as simple as plugging your computer into one of the network jacks installed throughout your new home.

HFN Quantum Internet service offers the fastest internet speeds in the nation with connections up to 1 Gigabit per second! New connections start at 10 Megabits per second, and range all the way up to 1 Gigabit per second (1 Gigabit = 1,000 Megabits). If Gigabit speeds are too fast for you take a look at our Quantum 100 plan, with a 100 Mbps download connection, for only \$60 a month! HFN has the only true fiber-to-the-home service in the region with no boosting, no throttling, and no bandwidth caps—just super fast internet!

- ✔ The only true fiber-to-the-home service in the region with no boosting, no throttling, and no bandwidth caps.
- ✔ Get local 24-hour-a-day support instead of worlds away
- ✔ Add HFNVoice and pay just one monthly bill for all your communication services.
- ✔ HFN enables internet and Voice over IP phone service, as well as other advanced services.

## Don't Forget HFNVoice

HFNVoice is a unique telephone service package with the newest phone and calling features at a fraction of the cost and without all the hassle and extra charges common with other providers. Changing to HFNVoice is easy and inexpensive. Your new service will give you excellent voice quality and the great local technical service and support. Our packages come with many great features to meet both your home and business needs. As residents of the Issaquah Highlands Community, you won't need a contract and can use the service on a month-to-month basis as long as you are an HFN subscriber. HFNVoice's unique telephone service can't be matched by any other provider.
